

COLLECTED BY MMC LAB ONLY

Due to the stringent temperature and time constraints, MMC requests the following tests be collected only at MMC Lab.

Ammonia	Protein C-Resistance, Activated
Antiphospholipid Ab	Protein S, Functional (Activity), Plasma
Antithrombin III, Functional (Activity),	Semen Analysis, Fertility
Chain of Custody Collection, DNA/Urine	TB Gold (Quantiferon)
Cortisol, Saliva	Urovision (FISH)
Cryoglobulin and Cryocrit	Vitamin A
Glucose, Cola 1 Hour, Preg	Vitamin B1
Glucose Tolerance Tests	Vitamin B2
HIV1 RNA, QN, PCR	Vitamin B6
Homocysteine	Vitamin C
Lactic Acid	Vitamin E (Tocopherol), Serum
Lupus Anticoagulant Evaluation	Vitamin K1
Platelet Aggregation Study (must be scheduled)	Von Willebrand Factor Antigen, Plasma
Protein C, Functional (Activity), Plasma	Von Willebrand Panel
